We'll now go to the Order of Senate Bills 3rd Reading. If you turn your regular Calendars to the middle of page 8, we will begin where we left off yesterday. We will begin with Senate Bill 242. Senate Bills on the Order of 3rd Reading, in the middle of page 8, is Senate Bill 242. Senator Cullerton. Madam Secretary, read the bill.

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. This amends the Condominium Property Act. It amends Section 18.2 of the Act. That's the Section of the Act that requires certain essential documents to be delivered by the developer to the first unit owner board of managers. So after a developer goes condo, once he's sold, I think, seventy-five percent, the developer has to turn over to the unit owner board of managers certain documents. Now,

this bill is in response to serious difficulties that arise when the developers fail to -- or refuse to comply with the statute. This bill encompasses a fee recovery provision which will deter

the developers from failing or refusing to comply and is a consumer protection in the event legal action is necessary to obtain statutory compliance. I amended the bill at the request of the Home Builders with regard to the burden of proof, and I know of no opposition, with the possible exception of former Representative Ellis Levin. I would ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? Senator Hendon.

Thank you, Mr. President. This is an excellent piece of legislation, and I'm just honored to join my esteemed colleague, Senator Cullerton, as a cosponsor and urge your support.

According to our records, we have two cases that -- that there's two known cases of conviction of fraud. I guess my concern is -- you know, none of us support people who are going to fraudulently make claims, and -- and your bill is good in concept. I guess I just think that the law is already written in such that we can take care of that. And so I just have some -- concerns and would ask for a No vote.

Construction Industry Council {sic} (Committee). And, frankly, the first speaker voted for it in the -- in the committee when the testimony was given. So I think we ought to all be voting Aye.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Parker.

SENATOR PARKER:

Thank you, Mr. President -- and Members of the Senate. I'd just like to rise in support of this. We did discuss this. It voted -- it was voted out unanimously out of the Commerce and Industry Commission {sic}. There have been fraudulent cases. The law is necessary, and I would ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Halvorson, for a second time.

SENATOR HALVORSON:

Thank you, Mr. President. I apologize for rising for a second time, but since my name was used in debate, I would like to say the reason I voted Yes was because nobody wants to support a fraudulent -- anybody making a fraudulent claim. However, since then, or in committee, we did discuss the fact that this is -- the reason that labor has been opposed to this is because they haven't been part of the agreed bill process. They haven't been brought to the table. We just want to make a point that we want a bill that fixes all of the problems. We don't want to keep coming

Thank you, Mr. President, Members of the Senate. This also amends the Condominium Property Act to clarify that condominium -- a condominium board has the authority to obtain and assess cable

television on a bulk, equal-cost-per-unit basis. Cable television in some areas of the State offer substantial discounts if the entire condominium subscribes. So as a unit benefits equally from this time of expense, many associations prefer to assess them on this basis, where -- but the Act is presently unclear whether or not that sharing must be in accordance with the percentage of unit

PRESIDING OFFICER: (SENATOR DUDYCZ)

SENATOR DEMUZIO:

Well, since this came from the banks, what -- what's the regulators' position with respect to this? First of all, I take that's a question or -- you're looking for an additional response. This is confidential supervisory information. It doesn't deal with the business records. None of the business records would be confidential. I hope that clarifies it for everybody. And as far as the -- you know, the -- the Community Bankers bringing this forward as an initiative and -- and -- and the -- the current supervisor or -- the current Commissioner not having a -- a position, I can't speak to that, Senator.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Well, I think I don't have a position either. If the Commissioner doesn't have one, I don't either. I think I'm going to be voting Present. Senator Welch, I understand that under current practice that this information would not be privileged in the event a subpoena were issued. So it is certainly not my intent to change that practice.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Welch.

SENATOR WELCH:

So not just a subpoena, but if there's a lawsuit and there's interrogatories or there's discovery or a notice to produce, the bank has to produce this study, this confidential study. That's the -- apparently the only way to get ahold of it.

PRESIDING OFFICER: (SENATOR DUDYCZ)

SENATOR O'MALLEY:

Senator Welch, the -- the -- the Commissioner would have the opportunity to make the decision, on their own, whether or not, in the case of an interrogatory, they would -- they would share that information.

If -- if the bank doesn't -- let's say the bank does not make themselves compliant with the Y2K issue and they screw up all my bank records and I lose money, and I file a lawsuit against them, you're saying to me that I have to ask -- well, your answer was that I would have to get a court order telling them to turn over those documents that reviewed their Y2K compliance to me instead of, in the normal course of a lawsuit, me asking their lawyer to have the bank turn them over. Now, is that not correct? They have to turn over the documents?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

Senator Welch, that is not what I said. What I -- what I indicated is that this -- this applies to supervisory information, not to the business records. PRESIDING OFFICER: (SENATOR DUDYCZ)

Sponsor indicates he will yield. Senator Hawkinson.

SENATOR HAWKINSON:

Senator, can you tell us what you mean by supervisory information?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

It's a report of examination, visitation or investigation prepared by the Commissioner or the Commissioner's office.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Hawkinson.

SENATOR HAWKINSON:

So it doesn't refer to information conveyed by the bank but, rather, to information compiled by the -- the inspector? Or could the information compiled by the inspector be a reporting of information gained from the bank officers and employees?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

I believe that that information could be, but if it's available in a different manner, it certainly wouldn't be held confidential.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Hawkinson.

SENATOR HAWKINSON:

To piggyback on Senator Welch's questions, if this bill makes

that the property of the Commissioner and the bank is deposited or has -- is asked to produce, can the bank produce it? Will the bank also have a copy of that document that they produce, or will

they be able to say, "No, we can't because that is the property of the Commissioner"?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

I -- I believe, Senator, that -- that they -- they would -- they wouldn't... They would not necessarily have that information. This is information compiled by the Commissioner or their -- their staff members.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? Senator Demuzio, for a second time.

SENATOR DEMUZIO:

...for a second time, but on page 7 it says that any request - starting around line 15 - for discovery or disclosure of the confidential supervisory information, whether by subpoena, order, or other judicial or administrative process, shall be made to the Commissioner, and the Commissioner shall determine within fifteen days whether to disclose the information pursuant to procedures and standards of the Commissioner -- that the Commissioner shall establish by rule. If the Commissioner determines that such information will not be disclosed, the Commissioner's decision shall be subjected -- subject to judicial review under the provisions of the Administrative Review Law, and venue shall be in either Sangamon or Cook County. Any court order that compels disclosure of confidential supervisory information may be immediately appealed by the Commissioner, and the order shall be automatically stayed pending the outcome of the appeal. Wow. Isn't that something? I'm not an attorney, but, I mean, wow. I mean, a court makes a decision and it's automatically -- the

decision is automatically stayed pending the outcome of the appeal of the Commissioner? Wow. Why are we doing that?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

Again, Senator, this is supervisory information that is compiled in the Commissioner's office.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Demuzio.

SENATOR DEMUZIO:

I know what information it is. Why are we doing this? Why are we putting in the statute that any court order that compels disclosure of this confidential supervisory information shall immediately be appealed by the Commissioner and the order shall be automatically stayed pending the outcome of the appeal? Is there ever going to be any closure to this?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator O'Malley.

SENATOR O'MALLEY:

This is not, Senator Demuzio, a departure from current

practice. This is what's going on right now. What this is intended to do is -- is address the public policy associated with maintaining a good, open working relationship between a regulator and the regulated entity.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Demuzio.

SENATOR DEMUZIO:

It is a departure from previous practices. I mean, if you allow the -- the court to make a decision and if the court decision isn't the same as the Commissioner would -- would deem, then it's automatically appealed. Automatically. Automatically stayed pending an appeal. Never heard of such a thing. I think

you ought to take this thing out of the record till we fully understand what we're doing here.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator O'Malley, to close.

SENATOR O'MALLEY:

Yes. Thank you for the questions. I do want to tell you that as we were having this discussion, the legislative liaison from the Office of Banks and Real Estate sent in a card saying, "We are

neutral." I don't know if that's much different than saying that we don't have a position, but I'm sharing that information with you. I'd be -- I would request your support for this, and I can assure you that the concerns that Senator Demuzio has expressed here, which he tends to express on this type of legislation, will continue to be discussed right through to -- through the House, should it be -- should it go to the House.

PRESIDING OFFICER: (SENATOR DUDYCZ)

The question is, shall Senate Bill 447 pass. All those in favor will vote Aye. Opposed will vote Nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 38 Ayes, 8 Nays, and 10 voting Present. It is the intent of the Chair to go through the rest of the Calendar before we conclude the business of the day. Senator Demuzio, what purpose do you rise?

SENATOR HAWKINSON:

Senator, we didn't really debate this in -- in committee, but, right now, if you have a three count complaint - say, count one is breach of contract, count two is a breach of warranty, et cetera - are you saying that at the end of each count there has to be a separate prayer for relief, as opposed to perhaps current practice which have prayer for relief at the end of the complaint? And, if so, what problem are you trying to correct?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Silverstein.

SENATOR SILVERSTEIN:

That's correct, Senator. I think the problem we're trying to correct is to simplify the pleadings in this respect, because when this thing does go to trial, we can assess damages whether it's a

breach of warranty, whether it's a breach of contract. So it's more of a way to simplify the -- the pleadings process.

Thank you, Mr. President, Members of the Senate. Senate Bill 461 is an initiative from the Chicago Bar Association. They,

For lack of a better description, a -- a capital account would be similar, I suppose, to either a savings or checking account, but it happens to be at a savings and loan association. Well, I -- I think this is a -- a laudable bill that you have here. I -- I've got a question. Did you consider perhaps a checkoff on the State income tax forms to -- to help fund this and help pay for it? You know, usually, when we have bills like this that do merit our good consideration that we would like to help fund, we find a way to provide for the funding of that. Have you sought that out, Senator?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Sullivan.

SENATOR SULLIVAN:

The Department indicates they can handle the funding.

SENATOR HENDON:

Thank you, Mr. Chairman. I was about to support you, Senator Sullivan, till I heard the comments of -- of your new ally over here and it just brought some concerns to me. It seems like you were trying to evade Senator Burzynski's questions. You seem timid about this bill. Is there some reason you're not passionate about this? I mean, you seem reluctant, you seem timid. Can you explain that to -- to us here?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Sullivan.

SENATOR SULLIVAN:

I'm a fairly reserved Senator, Senator Hendon. I am -- I am passionate about this legislation and there are other -- other legislators who are cosponsoring this with me whose families have been personally affected by this cancer. So it is a very important cause.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Hendon.

SENATOR HENDON:

Well, Mr. President, Ladies and Gentlemen of the Senate, my colleague on the other side questions Senator Silverstein's support. Well, that's because he knows better than you do, Senator. Senator Sullivan.

SENATOR SULLIVAN:

That is correct.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cullerton.

So ovarian cancer would be, obviously, dealing with women's

Department deals with other cancers as well, and I've -- I've got the statute that you're trying to amend here and I don't see anything in here about cancer that affects men. So -- like prostate cancer. So as you have this bill drafted right now, it doesn't -- it doesn't in any -- any way help disseminate information about prostate cancer, for example. I'm wondering if you wouldn't mind -- would you have any objection to an amendment that would add prostate cancer to this particular bill? Would you have any objection to that, sir?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Sullivan.

SENATOR SULLIVAN:

Senator Cullerton, yesterday in State Government Committee, your colleague, our colleague, Senator Trotter, got a bill passed out dealing with prostate cancer.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cullerton.

SENATOR CULLERTON:

But, I think it would be safer for all of us here to know that your bill, before we pass it, also contains that -- that material, because, you know, Senator Trotter's bill hasn't passed yet. And -- and it may be that Senator Trotter, he has a bad arm, he may not be here, he may forget to call it. If you have it included right in your bill, then we wouldn't have to worry about it. So all I'm asking is just take it out of the record, we do an amendment, and then you can pass it next -- next -- next Monday or Tuesday. Would that be okay?

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cronin.

SENATOR CRONIN:

Thank you, Mr. President, Ladies and Gentlemen of the Senate.
Senate Bill 504 amends the Code of Corrections to provide that a
court may impose an extended term sentence upon an offender at
least seventeen years of age convicted of predatory criminal

sexual assault of a child. This is legislation proposed by my state's attorney, DuPage County State's Attorney Joe Birkett, and the intention is to correct what appears to be a legislative oversight, and there's no known opposition. I ask for your favorable consideration.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? If not, the question is, shall Senate Bill 504 pass. All those in favor, vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 56 Ayes, no Nays, none voting Present. And Senate Bill 504, having received the required constitutional majority, is declared passed. Turn your calendars to the top of page 12. In the Order of Senate Bills 3rd Reading is Senate Bill 536. Senator Geo-Karis. Madam Secretary, read the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. This bill comes from the Illinois Hospital Association and makes two minor changes to the date rape series of bills that we passed last year. And it allows a physician to be a designated individual, if that physician agrees to do it, to be the individual who talks to the victim of the -- of the -- the assault or the alleged assault. And it also allows the drawing of blood and other things by physician assistants as it's allowed in law today. It appeared to some that the law required only physicians to actually be doing some of the testing, and if there's current law today that allows somebody other than a physician to do it, we allow that to happen. Two minor changes just to clean up last year's date rape series of bills, and I'd be happy to answer any

And we are one of the communities being considered by the Board -- Board of Higher Education and I ask for favorable consideration. It's approved by my county board.

19th Legislative Day

March 11, 1999

I stand here in strong support of what Senator Geo-Karis is trying to do here, because Lake County is, as she indicated, one of the finalists and it's been long overdue that the third-largest county in the State of Illinois be recognized with a multi-university. I think it's a concept that will work. It will help a lot of kids in the area, but it also will help a lot of our businesses who are retooling and redesigning and -- with their new technology, and I stand and I hope that all my colleagues here

will give us a positive vote on this. Thank you.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Watson.

SENATOR WATSON:

Yes, thank you, Mr. President. I must have missed this in Education Committee. I -- I don't recall this. But, what are we -- we're actually establishing another university in our State, or what -- explain this a little further, if you would, please.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Senator, this came through the Local Government Committee and what -- what we're doing here is -- they may establish a -- a university center in my county. And we're asking for support of this bill to -- to allow the -- the county to make appropriations as well.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Burzynski.

SENATOR BURZYNSKI:

Well, I'd just like to echo Senator Watson's comment. This did not come through Senate Education Committee. Those of us that have to deal with other institutions of higher education, community colleges, et cetera, we don't know what the fiscal -- potential fiscal impact could be on any of those. And in fact, I

don't have a staff analysis on my computer either at this time.
It's listed as a shell bill, I believe.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

This amends the County Code and permits the county, if it
wishes to do it.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

Thank you, Mr. President, Ladies and Gentlemen of the Senate.
I -- I, too, have some concerns. I was hoping that the Board of
Higher Education would do a little bit more background with
Members of the General Assembly. Initially, as I understood it,
the discussion was not to be for bricks and mortar, but it was
actually supposed to be a consortium that work together. And now,
as I understand it, in the Governor's suggested appropriation
bill, BHE has designated, I think, two million dollars for
planning and engineering. So, I'm a little concerned about it as
well and -- and just think Members ought to be alert that we're --
we're starting down a path and we need to be sure that it's where
we want to go.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Hendon.

SENATOR HENDON:

Well, I just rise in support of this legislation, and, remember, we're talking about education here, and we can never get enough education in the State of Illinois for our children.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Parker.

SENATOR PARKER:

Thank you, Mr. President. I rise in support of this

legislation also. Lake County is a large, growing area. There certainly is the population for it, and there certainly is wide support in the county region.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Burzynski, for a second time.

SENATOR BURZYNSKI:

Again, and I hate to -- to beat this again, but the fact remains I have not been contacted by the Board of Higher Education. I don't know of anyone else in this Chamber that has, other than perhaps somebody on Local Government. And this does create some concern for me, and -- and with all due respect to the sponsor - I have a tremendous amount of respect for her - I would

request a Present vote until we have a chance to review the total cost of this program to the State and other budgets.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Demuzio.

SENATOR DEMUZIO:

Well, let's talk about the next bill. 537's a vehicle. Were you looking for a sales tax or something on -- on this next bill that's going to be amended to come back to fund this bill?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

No, there's been some -- misunderstanding of this bill. All this does is allow the counties to transfer money to a not-for-profit corporation for the purpose of purchasing land and erecting buildings for a county university center if they should get one. That's all it does. And as far as the other bill, that's not the same bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Trotter.

SENATOR TROTTER:

Thank you very much. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR DUDYCZ)

The sponsor indicates she will yield. Senator Trotter.

SENATOR TROTTER:

Senator Geo-Karis, looking at our analysis, I see here that this isn't site specific. Can any county do this?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Yes.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Trotter.

SENATOR TROTTER:

I -- I, too, have the apprehensions of -- of my other colleagues. I just feel that at this point in time the dollars aren't there, because -- and -- and also in allowing all the counties to do this. So we're talking about - what? - a hundred and two counties throughout the State can certainly start its own program. I have a lot of unreadiness and also ask the Members to vote Present.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator Geo-Karis, to close.

SENATOR GEO-KARIS:

Mr. President, Ladies and Gentlemen of the Senate, this bill makes -- it allows -- allows the counties to make appropriations, as I said, to transfer money to a not-for-profit corporation for the purpose of purchasing land and erecting buildings for a county university center. We are one of the counties that's been considered by the Board of Higher Education. We're trying to

improve education for working people. And I -- I ask for a favorable vote because we're not hurting anyone, for heaven's sake, and it's a good thing. And we stress education, let's do

by the Secretary of State's Office. As many of you know, limited liability companies are an increasingly preferred form of business organization. There were some sections that were ambiguous or had some unnecessary or burdensome requirements in them. The recommendation of a task force that was put together was that we do some clean-up language on this -- this Act. There is no opposition to this bill, and I would ask for a favorable roll call.

Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. This bill is an initiative of the Mothers Against Drunk Driving. One of the problems that we have in -- in dealing with drunk driving cases is the lack of resources, particularly at the local level and the county prosecutor level. In -- in many of our smaller counties, particularly if you have only one state's attorney or a state's attorney and one assistant, sometimes the more serious cases take precedent and there just aren't the resources available to

prosecute drunk driving and other alcohol-related traffic cases. This initiative would apply State funds to -- to pay for assistant state's attorneys in the counties that wish to avail themselves of it. The smaller counties would get one; some of those over a hundred thousand would get two, and so forth. It is permissive. The counties can choose to do it. If all the counties avail themselves of this program, it would have roughly a six-million-dollar annual budget impact. I know of no opposition, but it does have a significant budget impact, and I would ask for

your support. Be happy to try and answer any questions.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? If not, the question is, shall Senate Bill 570 pass. All those in favor will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Thank you, Mr. President and Members of the Senate. Senate Bill 643 amends the Code of Corrections relating to restitution. Complete restitution shall be paid in as short time as possible. A defendant has five years to make complete restitution, but the court shall ensure that it's been paid in a short time -- period as possible based on the defendant's ability to pay. This bill eliminates what would be a difficult and expensive job for a prosecutor to investigate the financial circumstances of a defendant who has been sentenced to or has agreed to restitution but now cannot pay. Then the defendant has the opportunity to

rebut the presumption that has facts established at trial or plea agreement have materially changed. For example, the defendant testifies to a loss of a job. At this time, I open for any questions, Mr. President.

SENATOR PETERSON:

Thank you, Mr. President, Members of the Senate. Senate Bill 659 deals with prepaid calling cards. The cards are subject to tax currently in Illinois and this bill changes the place of taxation from the usage of the card to the point of sale and reduces the telecommunications tax on this type of card from seven percent to a sales tax of six and a quarter cents. All the states surrounding Illinois have the point of -- of sale for these phone cards: Missouri, Iowa, Wisconsin, Michigan, Indiana, Ohio, Minnesota. The bill simplifies the tax collection by charging the tax up front when the card is purchased, instead of on each individual call, which then has to be calculated from each particular municipality, or if it's out of state, we don't get any tax at all. I ask for your support of Senate Bill 659.

The language in Senate Bill 665 tracks both the federal language and the National Association of Insurance Commissioners' model act and taxes reciprocal insurers

similarly to mutual and stock insurance organization. It causes no loss of revenue to the State. The Department of Revenue chose the language for Senate Bill 665, and there is no known opposition to the bill. I ask for your support.

Thank you, Mr. President. This bill changes the word "the" to

the word "a". It's in the Juvenile Court Act. It deals with abused and neglected kids and it comes to us out of Peoria County. It is a significant piece of legislation, however. There was no opposition in committee. But what the bill does is this: In abuse and neglect cases, right now under current law, if the victim of abuse or neglect by a parent or stepparent has given a prior statement, that statement may be introduced. It may not form the sole basis for the finding of abuse or neglect. In many cases, there are siblings in the family who have been abused or neglected. Under current law, their prior statements are not so admissible. This would allow the other siblings or minors in the family who have been abused by the same offender to be admitted under the same circumstances.

SENATOR BURZYNSKI:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Just a few minutes ago, we heard Senator Hawkinson present Senate Bill 570, talking about the lack of resources for prosecution of DUIs and that that bill would help. I think this bill will assist him even greater in that process. Senate Bill 740 calls for an additional fine of one hundred dollars for the conviction of a DUI to go to the local arresting jurisdiction for the purchase of technology and equipment to assist in the apprehension and conviction of DUI offenders. What we've seen over the last few years is that people that have this type of technology are able to move the -- move the process along quickly and we have less cases appearing in court. People are pleading guilty. I'd be more than happy to answer any questions.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Yes. Will the sponsor yield?

The answer to that is, I don't know, Senator. I'm not sure at

96

this time.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cullerton.

SENATOR CULLERTON:

Well, do you know how the dollar amount of one hundred dollars was chosen and how much money is expected to be raised statewide?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Burzynski.

SENATOR BURZYNSKI:

Yes. Let me address the -- the dollar amount. Senator, what we looked at was the number of DUI arrests that have been made over -- and convictions, I should say, that have been made over the last year. And in 1997 alone, there was forty-seven thousand DUI convictions by Illinois State Police. In Winnebago County, my county, it's thirteen hundred and eighty-nine. Ogle County, two hundred and sixty-two. Boone County, two hundred and ninety-two. What we tried to do, in looking at this -- this bill came to me from one of my constituents who lost not only a daughter, but her grandmother, in a head-on collision with a -- with a drunk. And so what they were trying to do is find a way to provide for a cost for local officials to -- to purchase equipment. The hundred-dollar fine is just a number that we thought was adequate, that would help provide for a considerable amount of dollars back to local jurisdictions.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cullerton.

SENATOR CULLERTON:

Well, thank you, Mr. President, and thank you for that answer. Obviously I'm going to support the bill, but I would make a couple recommendations for possibly your House sponsor. First of all, you got to clarify whether it covers people who are typically first offenders and they get supervision. They lose their

driver's license because they didn't take the Breathalyzer or they blew over .08, but they usually don't get an actual conviction. And that question then would be as to how much money is raised. You've indicated forty-five thousand convictions. That would be four and a half million dollars. It may be that a particular jurisdiction may need a little more flexibility in -- in the use of this money. It may be that some county just bought all the Breathalyzer machines and laser guns that they -- that they needed and now they're going to get this influx of new money and the bill may be drafted such that they're limited as to where they can get it. So I would make those two recommendations, not having been on the committee that this came through, but I would make those recommendations for the proverbial "I'll amend it in the House."

PRESIDING OFFICER: (SENATOR DUDYCZ)

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Burzynski.

SENATOR BURZYNSKI:

I think that the bill pretty well speaks for itself, Senator. Any time that you have that type of equipment, you're going to better be capable of -- of apprehending or convicting a person who's DUI. Let me give you a little bit of -- of an example of that. When we started talking about that in committee, what we wanted to do was initiate something that provided technology. The couple that brought this bill to me, who had lost members of their

family, have provided over three hundred and fifty-one thousand of their own dollars into project programs in four counties in Illinois, as well as in Wisconsin and for the State Police. So, they have assisted by providing technology and really thought this was a way to -- to draft the bill so that it does go strictly to technology and not personnel.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Shadid.

SENATOR SHADID:

Yes, Senator Burzynski, I support what you're trying to do. I just wanted to make it very clear that this money would not be used to hire additional personnel or use it for clerks and stuff like that. Thank you.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator -- Senator Petka.

SENATOR PETKA:

Will the sponsor yield?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Sponsor indicates he will yield. Senator Petka.

SENATOR PETKA:

Senator Burzynski, the language that you have in this amendment speaks in terms of a person being found guilty. Just by way of information, perhaps looking towards having this bill amended in the House, you ought to clarify that you're either talking about a conviction or, in the alternative, court supervision, because court supervision is not a conviction. So, I would just suggest that. I plan on supporting your legislation.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Any further discussion? If not, Senator Burzynski, to close.

SENATOR BURZYNSKI:

Thank you. And -- and those are good suggestions. Thank you, Senator Cullerton, Senator Petka. Senator Shadid, I do believe that we've covered that. In one section here it says "shall be used to purchase law enforcement equipment..." It doesn't say anything about personnel. It's very specific. Again, I appreciate a Yes vote on this. It's something very near and dear to many individuals in my district and I think in all of our districts. Thank you.

Those fences are all gone now and many fences that have vegetation are -- are something other than hedge. The Fence Law goes on to suggest -- it does not suggest, it says that -- that it's mandatory that that hedge fence be kept trimmed to a height of four feet and a width of two feet. I'm glad that you did not object to the employees of summer camp. I think that it's important that rather than taking the political position on these, I would ask all of us to consider the merits of the bill.
